

- x For the following qualifications where there has historically been no demand from Welsh medium centres, although live assessments are available in Welsh as outlined above, the specification and/or sample assessment materials have not been previously made available in Welsh
 - o Advanced Subsidiary GCE in Electronics (specification available in Welsh)
 - o GCSE (91) in Latin
 - o GCSE (91) in Geology
 - o Advanced Subsidiary GCE in Geology
 - o Advanced GCE in Geology
 - o Advanced Subsidiary GCE in Film Studies
 - o Advanced GCE in Film Studies

- x However, WJEC is committed to making all of its Eduqas' designated provision fully available in Welsh in future. Therefore, from September 2025, in addition to making live assessments available in Welsh, the specification and sample assessment materials will be published in Welsh on our website (unless they are qualifications that are going to be withdrawn within the next 2 years as part of a qualification reform).

- x In future, when a new Eduqas qualification is designated by Qualifications Wales, we will make the qualification available in Welsh and English at the same time.
